

Glasgow Science Festival 2020

#WeAreOPTIMA & #WeAreDrOPTIMA

Over the next two months and as part of the Glasgow Science Festival 2020, we will be posting profiles for different researchers on Monday afternoons each week, so please do check back frequently to see who is up next! We will have profiles from:

- Evita Ning (bioengineer turned chemist)
- Helen Parker (physicist turned biologist)
- Joanna Long (physiotherapist turned biologist)
- Katie Ember (biochemist turned chemist)
- Maria Panagoupoulou (pharmacist turned physicist)
- Nicole Barth (biochemist turned biologist)
- Paul Cowling (biochemist turned chemist)

And hopefully many more! Stay tuned :-)
